Kool Kats At Madhatters Ball

Fairyland was never like this, or was it? I really don't remember there being more than one Jack and Jill. And from the looks of Hansel, we are sure he could have scared the witch, and had no problem getting all the sweets from that yummy house. Speaking of sweets, wasn't that Bo-Peep a real live doll. I'm sure if she asked Little Boy Blue, he would have helped her find those naughty sheep. Robin Hood proved he was a good fellow — didn't shoot an arrow all night. Friar Tuck played his part well, but couldn't keep out of the communion wine. Heidi and her friend must have been in their mountain home — for everyone in Fairyland had a hard time finding tickets to never, never land. Mary, Mary was quite contrary, she couldn't keep Willie off the dance floor — and he could cut a mean rug. Jack be nimble

was in good shape, he was jumping over candle sticks all night. Fred and Barney needed their clubs, for Wilma and Betty were a couple of bedrock chicks.

Does this all sound Mad to you? Well these are just half of the characters who went through the key hole Friday night to join in the frolic and laughter when the Kinettes held their annual dance at the Bonnieview Inn. These girls put a lot of work and effort into this evening which certainly must go down as the highlight ball of the year.

First there was a cocktail, or two, or three, then came the dinner, mixed with a few wild jokes — a bunny jumped out of a cake and it ended up as a chinese raffle. Anyone who had just dropped in for a short visit, would never have left now, for Mother Goose was about to lay the gold-

en egg — This was in the form of a TV show, "This hour had seven months".

It was a very well done take-off of the CBC Show. Jean Jackson was the tall, beautiful, sexy Diane Frisky. M.C. Yvonne Nye played the part of dashing Patrick What'its. And of Course there was Bob Harvey Jr. as the MP's bed pal, Gerta Mudslinger. Bob came back in the second half of the show as a disguised youth, making application for the Senior Citizen's Home. A fellow such as he portrayed, would turn Ralph Banke's red hair to white.

Following the show everyone played it as Fred Astaire, and had a wonderful time.

Costume prize winners were, best lady, Mairlyn Palmer; best man, Fred Griffiths. Runners up were, Shirley and Slim Brandon.

MINDEN'S CENTENNIAL COMMITTEE MET — MANY PLANS IN THE MAKING, FOR NEXT YEAR

A special meeting of the Minden Centennial Committee was held April 27th, in the council chambers, here. A good representation from most of the organizations and groups in the community were in attendance.

Mr. A. W. Cane, chief projects officer of the Centennial Planning Branch was present. Mr. Cane's job is to visit with local committees in order to generate enthusiasm, answer questions, suggest ideas to the interested organizations, help formulate plans, gather and co-ordinate information, and to publicize Canada's Centennial plans for 1967.

In this respect a group of slides entitled "67 for 67" was presented with a running commentary which showed and described 67 different ideas for 1967 projects or celebrations. A movie entitled "The Dunnville Story", a documentary of Dunnville's 100th year celebration and celebrated by this community was also shown.

Those in attendance, then spent considerable time questioning Mr. Cane on different projects and plans possible in this community.

A suggested program for the whole year was received. This would involve those events which are presently being held from month to month using Canada's Centennial as the theme for part of the promotion.

From the enthusiasm shown by the members and the possible plans and projects suggested, Mr. Cane's visit was very successful.

The Minden Centennial Committee is encouraged by the interest being shown, even at this early date and feel sure that as enthusiasm increases throughout the area that Canada's 100th birthday will be suitably observed and celebrated by this community in 1967.

The picture above demonstrates, just how far out, the Madhatters Ball went on Friday evening. Who would have thought our Reeve Slim Brandon (second from left) would make a good Friar Tuck. Jean Harvey, the bunny, just arrived back from one of Hugh Hefner's key clubs. Old Mother Hubbard was Shirley Brandon. Our good Doctor, Fred Griffiths, as the shiek, is seen with his number one harem dancer — Libby.

News and Views

from the Minister's Study

by DAVID W. STAPLES

The Sacrament of Infant Baptism was observed in the Mother's Day Service at Minden United Church this past Sunday. At that time Tracey Lynn Brockman, the daughter of Mr. and Mrs. Charles Kenneth Brockman, and Mary-Lou Carol Austen, the daughter of Mr. and Mrs. Walter G. Austen were received by baptism into the Church of Christ. At Carnarvon, the regular session of the Sunday School was withdrawn and the students and staff joined with the congregation for a Christian Family Sunday Service.

This Sunday evening, May 14th at 8 p.m. the Choir of Zion Church, Carnarvon are presenting a "VARIETY CONCERT & HOOTENANY" in the Christian Education Centre. Having an opportu-

ity for some inside information about the programme that is being planned, I would like to commend it to all who may read this. The evening will include entertainment for everyone, from the youngest to the oldest. Particularly, I believe that those in their teens can be assured of a most enjoyable time. So gather up a car-load of friends and come on for an evening of good, lively fun!

Next week, with the permission of the editor, Mr. John Twist will be writing the column. Mr. Twist has come from Queen's to be student-minister of the Haliburton Highlands Mission Field this summer and it seemed a most fitting way for him to become better acquainted throughout the area.

"THIS HOUR HAD SEVEN DAYS!" Amazingly, this very popular Sunday evening television programme managed to survive nearly a whole season before the axe fell. Of course no one will be offended at having the leaders of our country spend their time digging up scandals of blond bed-time playmates, but with their paternalistic interest in our moral ideals they don't want us shocked by the kind of forthright honesty about public issues which has characterized "This Hour Has Seven Days." So, through the loyal management of the CBC the programme will disappear or else be reduced to the mediocrity that has been the hallmark of that organization. Despite an overwhelming public protest, this show that had the intestinal fortitude to pull the tail of a lot of sacred cows in our society will be no more. And we will like a herd of goats go on paying taxes to support the innocuous drivel that the CBC puts out for our edification. To the producer, Douglas Leiterman and the co-hosts, Patrick Watson and Laurie LaPierre medals ought to be awarded for a courageous, if unsuccessful attempt to keep alive the ideals of freedom of expression.

From the talk around town these days it seems that negotiations over salary are going on between the teachers of the Minden Public School and the board. I have come to gather that the policy of the board is "the very least possible." Maybe the teachers would find it worthwhile to apply for positions on the staff of the Haliburton District High School. Not much more than Grade XIII is required and the starting salaries are somewhat above those for even experienced public school teachers. It might be worth a try!

MINDEN PROGRESS

SENIOR CITIZEN'S HOME NEWS

with RALPH BANKE

From Several letters and inquiries received lately it would seem that some of our articles in the newspaper have been rather vague as to the actual layout and furnishing of HYLAND CREST. This week we would like to try to remedy this.

First we will talk about the layout. HYLAND CREST is basically an L shaped building with a smaller T shaped projection from the upright portion of the L where the offices, chapel and auditorium are located. The basic L has all of the Care Areas as well as the kitchen, dining room, lounge room and Tuck Shop.

The smaller upright portion of the L is the Normal Care Wing. Male Normal Care on the ground floor and Female Normal Care on the first or main floor level. Both levels are identical in all respects having a sitting room, one single bedroom, three two bedrooms and one four bedroom. Each level also has its own wash rooms and bath along with a utility room and linen and clothing rooms. The bedrooms are all completely furnished with a wide single bed, bed table and an easy chair for each Resident. All bedding, bedspreads and drapes are supplied and colour co-ordinated with the chair fabrics and wall colours. Residents are not required to provide any furnishings at all for their rooms.

Where the two portions of the L join are located a spacious main lounge, dining room, kitchen and Tuck Shop with tea room. Again all of these areas are completely and tastefully furnished with complimentary colour schemes.

The horizontal portion of the L houses the Bed and Special Care Areas as well as the beauty parlour, barber shop and nursing station. In the Bed Care Area the rooms are two bed and four bed but furnished similarly to the Normal Care rooms with the exception of hospital type beds and special geriatric chairs in place of the normal styles of beds and chairs. Also, overbed tables will be provided for those who require them. The Bed Care area has its own sitting room, with access to the main lounge and Tuck Shop Areas. It also has separate wash rooms and bath tub

facilities. All of the sitting rooms will be provided with T.V., thanks to many generous donations from various interested organizations throughout the County.

The Special Care area is separated from the Bed Care area by corridors and a Service area but is again fully furnished and cheerfully decorated. Four bedrooms are furnished identical to the other Care Areas and separate sitting rooms, dining rooms, and other facilities are provided for both Male and Female Special

Care Residents as well as separate out door patio and lawn areas.

As one can see, all a Resident need provide is personal clothing and possibly a family photo or small personal radio for their bed-table. HYLAND CREST has provided everything else for their comfort and safety.

At the present rate of progress we expect that HYLAND CREST should be ready to start admitting Residents about June 1st, 1966. All of the delays and set backs have been unfortunate but we feel everyone will agree it has been worthwhile waiting when they see the finished product.

Tenders Wanted

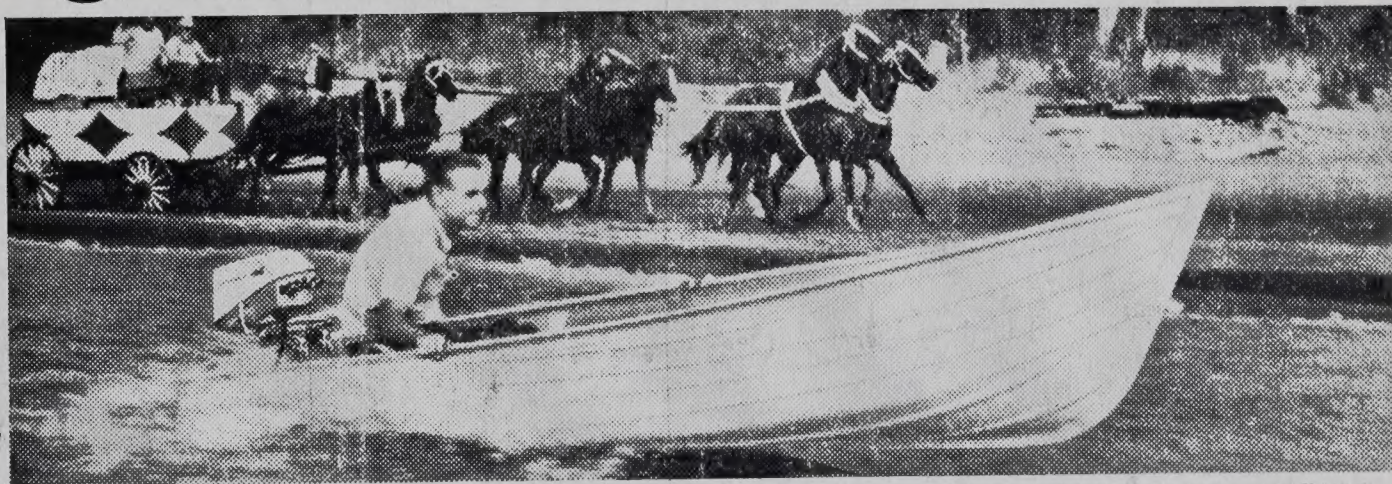

Tenders will be received up to May 21st, for crushing 5,250 tons of five - eight inch crush. Crush to be applied.

Lowest or any tender not necessarily accepted.

All tenders to approval of D.H.O.

For tender forms apply Sidney Jennings, Clerk Treasurer, Township of Snowdon, Gelert, Ontario.

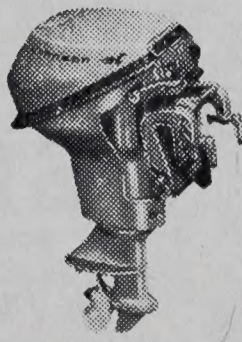

We raced our six horses against six others -

and lost.

We took on a six-horse racing team to prove a point: the Johnson 6 is an astoundingly peppy motor. So fishermen don't spend all day getting out to the big ones. It also cruises 11 hours on one tank of gas. Quietly. As for the race, we placed second. But Tom Dorchester's chuckwagon hits 35 miles an hour. And his horses weren't swimming.

The Johnson 9 1/2 could be called the best fishing motor ever made. Because it's a low profile engine, you can cast over it sitting down. It's so well-balanced that moving, portaging and storing is a cinch. Nothing sticks out from the sides, and the steering handle folds neatly out of the way.

If you think versatility is expensive, price a Johnson 5. It powers anything from a small fishing skiff to a medium-size sailboat. The 5 weighs just 43 pounds and has a flat starboard side for easy storing. One-hand operation lets you speed up, slow down, or stop without putting down your trolling rod. This year's 5 is even quieter than before.

The Johnson 3 offers two different models: Angle-Matic and High-Thrust Drive. Both weigh just 35 pounds. The Angle-Matic drive slides easily over rocks and sandbars and through weeds. The High-Thrust model is ideal for sailboats and smaller craft. Unlike others the Johnson 3 is a twin cylinder motor—very smooth running.

Johnson builds 10 hp. sizes in 15 models—all offer 50:1 gas oil mixture and 2 year warranty. 100, 80, 60, 40, 33, 20, 9 1/2, 6, 5, 3. 4 stern drive models: 90, 120, 150, 200 horsepower. **JOHNSON MOTORS** A PRODUCT OF OUTBOARD MARINE CORPORATION OF CANADA LTD. PETERBOROUGH, CANADA. MANUFACTURERS OF LAWN BOY POWER MOWERS, SNOW CRUISER SNOWMOBILES, PIONEER CHAIN SAWS.

MOTHERS' DAY DILEMMA

Mothers Day was a little different this year at our house. And I might say I hope things are different for Fathers Day.

On Sunday I sprang out of bed like a young colt, and since it was mothers day, I thought I would prepare the breakfast, and plan the day to entertain Mother. It wasn't a bad day, so I planned a fishing trip for the family, which had been promised a couple of weeks ago, but bad weather had put the damper on things at that time.

After breakfast, (we had the works, bacon and eggs etc.) we attended church, and then rushed home to get ready for our days fun and relaxation. First we needed worms, and went to the bait centre, which was closed. Not knowing who sold bait, it took us an hour before tracking down two dozen of the wigly fellows.

Never having fished up here before, I wasn't quite sure which way to go. We headed out the North Shore road to find a likely spot to wet a line, without anyone falling in. We drove some ten miles, stopping at different locations, only to find them not suitable for a family of five, (three little ones). We did not find a suitable place for the picnic I had prepared either — and we all felt a little gamt. On my way to Lindsay Friday, I had noticed three or four good looking trout streams, so we decided to give them a try. Back we came to Minden, picked up some pop, which we had forgotten, and got on our way to the trout streams south of Kinmount.

We had driven seven miles and decided that Buttermilk Falls was a better place for a picnic and maybe some good trout fishing. By this time we were all getting a little tired of driving and hungrier by the minute. We turned around and headed for Buttermilk Falls. I kept telling everyone that it would not be long now until we would be having lunch and then do some fishing. We arrived at the Falls about four o'clock and, dove into the grub. After a well deserved lunch we decided to do some fishing, we found a likely spot for the children to dip a line, but I am afraid the trout knew we were coming, for we didn't get so much as a nibble. Mother had a headache. I was exhausted, and my boy wondered where the fish were, and asked a thousand times. We headed home about six, everyone ready for bed.

When we got home, I flopper on the couch — the children all needed a bath from their outdoor play, I had failed to wash the dishes in the morning, this work kept my wife busy for a couple of hours. After all was done, we both hit the sack about 9 o'clock, — glad mothers day was over.

Mother isn't looking forward to next year, and I have already made my request for Father' Day — Mother will take the kids fishing, and dad, who will be king for a day, will sleep.

U.C.W. Held General Meeting

The U.C.W. held their general meeting last Thursday evening May 5th, with 33 members and 3 guests present.

Mrs. Betty Herlihey president of the UCW presided over the business period of the meeting. At this time the respective group leaders gave their reports along with the committee chairmen. The different Units are presently raising money to purchase a T.V. set for the Senior Citizens Home.

Unit C held a rummage sale which some of the proceeds will go to this cause, and Unit B and D will hold a Baking Sale this Friday afternoon in the empty shop between the Modern-Aire Restaurant and the Red and White Food Store.

The program and worship was conducted by Unit B and the lunch was served by Unit D.

The Layette for the Overseas Bale was on display for the ladies to see. Each Unit helped contribute to this Bale along with some generous donations. Mrs. Bea Berry and her assistants packed and mailed the parcels to the

Overseas Bale headquarters, on Wednesday, May 11th.

The main item on the agenda was a Panel Presentation on Moral Standards To Day and the Affect they have on Society. Mrs. Muriel Medley was the moderator who presented the different aspects. The members of the panel were Mrs. Bursery who spoke on honesty in various walks of life, Mrs. Jean Casey, spoke on sex, Grace Colburn on alcohol and Florence Finley regarding the church's participation. This fine

presentation proved very informative and many questions were asked from the ladies.

Tuesday May 31st will be a special evening at the church, when Miss Pushpam David R.N. from India will be guest speaker. Miss David received her nurses training in Vellore India at one of the largest Christian Hospitals in the world. She is presently studying at Queens University in Kingston, and when she has completed her studies, will return to India.

FENWICK LOOKS FOR HELP

We would appreciate a little help from our many readers.

Fenwick Finch is researching an article on "Ghosts". If you have any experiences that he could follow up, would you please write in to this paper and we'll appreciate it very much.

These stories of experiences should have occurred in the County and be such that we could verify them.

So, whip that skeleton out of the closet and let's hear about it.

with
FENWICK FINCH

The Moving Finger writes; and, having writ,
Moves on: nor all your piety nor Wit
Shall lure it back to cancel half a line.
Nor all your Tears wash out a Word of it.

Practically everyone knows this famous quotation by Omar Khayyam — by not acting upon it is probably one of the greatest factors in filling our hospitals with both real and imagined illnesses. Stress, is something that builds up inside us — we reach a point to either fight or run. There is no shame in running.

Take "This Hour has Seven Days", in spite of all the rhubarb and publicity, members of Parliament putting in their two cents worth (a small part of their \$18,000 salary.) La Pierre and Watson are out and probably others — Ouimet is still the High Priest. And, actually, outside of those involved who cares?

The City Hall in Toronto worked up quite a storm about its design — the furnishing came in for another blast — someone made the decision — and we have the City Hall and the furnishings.

Still in Toronto. There is a fight on to save the old City Hall and War Memorial — time will slowly settle this. Both the City Hall and Memorial will go — the space is needed. Progress — that's the ticket.

The same problem arose in Lindsay — "Save the Post office", there was a great to-do about it. What do we have today? A Supermarket. Good for the economy of the Town.

Closer to home, Fenelon Falls — the papers carry a small item mentioning the fact that a property is expropriated and the tenants evicted. The "Mystic Knights of the Sea" are practically on the school's entrance but no mention of expropriation here — but then the "brothers" are a tougher nut to crack than an eighty-year-old bedridden woman. Here again, is progress.

These things happen time after time, year after year, from the days of Ug and Wog decided he liked Ug's cave and woman and proceeded to "Progress" him out of it. In the march of progress people get hurt but the secret is to believe the little quotation of Khayyam's and roll with the adversity and come up smiling. It may not be easy but it will save your mind and system from breaking up.

On the other hand there is the school of thought who believe that the "Means justify the end —" Who's to say which is right? If we are to keep from going back we must go ahead — any new idea or project that asks for change is bound to meet unyielding opposition. Take this for instance.

"In a flight of imagination during his speech the other evening, he declared that every cottage, every house, every home in this city will be lighted by electricity — picture the housewife heating her flat iron by electricity — why not her curling tongs as well — instead of sweltering in front of a hot stove on a summer's day. Mr. Beck will never be able to give effect to the reckless promises which he is dangling before the eyes of the electors".

The foregoing was taken from "the Hydroscope" and was the copy of an editorial which appeared in The London Advertiser, June 6th, 1908.

When Sir Adam Beck dreamed this way in 1908 his wildest imagination could not see how far this Electrical Giant would spread.

So much for now — the moral I guess is — "If yo ucan't beat 'em — join 'em.

Fenwick

only electric heating can offer you all these advantages

unmatched cleanliness

Electric heating is flameless. There is no combustion to create dirt, dust, film, or soot. Windows, drapes, and walls all stay clean longer in electrically heated homes.

unmatched comfort

Electric heating offers room-by-room or zone temperature control. It is quiet, creates no draughts, no chilly spots—just gentle, even, constant warmth.

unmatched value

Electric heating is maintenance-free; it offers extra living space and can have a significant effect on the re-sale value of your home. Yet, with all its advantages, electric heating costs far less than you may think.

For more information about electric heating, consult a qualified electric heating contractor, or your Hydro.

Haliburton Hospitality Seminar Biggest Success Yet

The Haliburton Hospitality Seminar, held on Wednesday, May 4th, attracted over one hundred people, and proved to be the most successful seminar yet. It was held at the Royal Canadian Legion Hall in Haliburton.

It was co-sponsored by the Haliburton Highlands Chamber of Commerce, the Canadian Tourist Association and the Ontario Department of Tourism and Information.

Chairman of the meeting was Don Goodwin, District representative of the Department of Tourism and information.

Haliburton Reeve Roy Brohm extended a welcome on behalf of the township of Dysart. Vern Graham, president of the Chamber of Commerce presented a slide presentation followed by a questionnaire on points of beauty.

Mary McInnes, planning officer for the Department of Tourism spoke on what the visitor's dollars

mean to the county and a film Broken Bow, promoting the county was shown.

Douglas Vanderburgh, vice-president of Kawartha Lakes Tourist Association said, "Haliburton and surrounding area has the potential to reap rich rewards from the tourist industry, but first you must seek the business, service and satisfy the visitors — only then will you turn your potential into dollars".

During his speech, Mr. Vanderburgh criticized government policy with regard to tourism. He said the provinces antiquated liquor laws were "a shining example that the government does not care one iota about tourism, Ontario's major industry".

The speaker pointed out that new regulations contained in the Canada Pension Plan hit the tourist operator hard and said there was no allowance under the Unemployment Insurance Commis-

sion Act to classify part-time operators as such.

"What do M.P.'s care about the Tourist operator's problems?" asked Mr. Vanderburgh, "If they cared anything at all, they would never enact such ridiculous legislation".

"There is a tremendous job to be done in tourist promotion", Mr. Vanderburgh said, "On a recent visit to Columbus, Ohio, 26,000 enquiries were received. When one considers that the KLTA distributes only 10,000 brochures a year, it can be clearly seen that much work still remains to be done."

"More money is needed to promote the Haliburton Highlands and the Kawartha Lakes", and Mr. Vanderburgh said this money should come from tourist operators, businessmen and municipalities and from the provincial government with matching grants.

Pictured above from left to right is Doug Vanderburgh, vice-president of the Kawartha Lakes Tourist Association was speaker at the Hospitality Seminar at Haliburton. Verne Graham, president Haliburton Highlands Chamber of Commerce, Don Goodwin, District representative, Department of Tourism and Information, Huntsville, and Norman Craig, Secretary-Manager of the Haliburton Chamber of Commerce. All played a big part in the Seminar held last Wednesday afternoon at the Legion Hall.

Many Ideas To Promote Tourism Were Discussed At Seminar

Warning To The Public

WHITE COLLAR CRIME — BANK INSPECTOR FRAUDS

During the past two years, thousands of dollars have been taken from trusting and unsuspecting elderly persons throughout Ontario by a scheme commonly referred to as "Bank Inspector Frauds".

Informed Public

Ontario Provincial Police Commissioner E. H. Silk, Q.C., wishes to stimulate an awareness in the mind of the public to be on guard against these fast talking unscrupulous, confidence people, and he attaches some urgency to this message.

Increased Activity

The OPP Anti-Rackets Branch, under the direction of Chief Inspector J. L. Erskine, reports that an increase of activity can be expected in "Bank Inspector Frauds" with the approach of the summer months.

Any time during banking hours of a week day, the telephone may ring in an average middle class home — usually that of an elderly widow. The male caller, in a very business-like and authoritative manner, will identify himself as either a "bank official" or a member of the police department, presently investigating a dishonest bank employee suspected of tampering with the customer's account. The caller will then, in a very persuasive tone, obtain from the victim information concerning the amount of money on deposit in her account. He will then request that she go to the bank and withdraw a substantial sum of money from her account. As part of the scheme, the victim is advised that in making this withdrawal, she will assist in trapping the dishonest employee; she will also be advised not to tell anyone, and to wear gloves in order that she will not leave her fingerprints on the money. The caller will likely tell the victim that he will send a taxi around to take her to the bank and back home. If she expresses doubt that the caller is a police officer, he will tell her to hang up and call the police department; however, he will

immediately, it is the original caller advising her that one of his men will be around to her house, and she is to give the money to him, in order that it can be checked and returned to her account. At about this time, a man usually does come to the victim's door and the money is handed over to him.

There are variations of the scheme, for example, the victim will be advised that when she made a recent withdrawal at the bank, she probably received some counterfeit money and that she is to give it to a plainclothes officer who will be sent to her home. This scheme has been used

with increasing regularity in cities and towns across Canada and the United States. Thousands of dollars have been taken from trusting and unsuspecting elderly people, which they can ill afford to lose; in some cases their life savings, and perhaps money they have put aside for their own funeral expenses.

Relatives and friends of elderly people should impress upon them that they should never — under any circumstances, withdraw money from their bank accounts, when approached in the manner outlined in this article. They should always consult the police, or their bank manager — personally.

The opinion of a number of the chairmen of discussion groups at the Hospitality Seminar, held last Wednesday, was better roads were needed into the Highlands here in Haliburton.

Haliburton Chamber president Vern Graham said in order to promote the attractions of the area, the area first must have good roads. Advertising should be carried out year round, he said and pointed out scenic areas and points of interest needed better signs including advance signs.

Mr. Graham said nature trails were an attraction and he called for "togetherness" of every one in the county to promote tourism.

The statements made by the various discussion chairmen were consensus of opinion of the groups they represented.

Tourist operator John Hill said

good highways were an absolute must. He said tourist operators and tourist area businessmen did not tell their MPs and MPPs often enough of what they feel their needs are. We should also encourage visitors to one part of the county to visit other parts, he said.

Mr. Hill suggested county council and township councils be encouraged to use their letterheads and envelopes as publicity pieces. Thousands of pieces of mail are sent out every year by each council, he said.

Haliburton Chamber Secretary-Treasurer, Norm Craig suggested tourism could be promoted if "petty jealousies" were forgotten. "Rivalry is good but must not go farther than that," he warned.

Mr. Craig called for more protection for the fishing in this County. "We can't promote the Full River," he said, "because on

the weekends there is no river at all. Guests on the week end ask, what happened to the river?" Of course Mr. Craig was referring to the Gull River here in Minden.

Mrs. Eileen Crawford asked how the local citizens could be educated regarding the value of the tourist dollars to them individually. She suggested promotion of Spring as a tourist season — it is "as delightful a season as the fall", she said. Mrs. Crawford went on to say, "visitors are also interested in knowing such things as the location of beaver dams."

RED CROSS SERVES YOU
EVERY STEP OF THE WAY

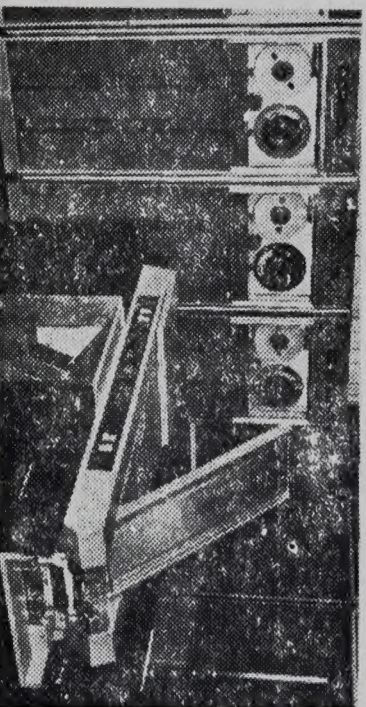

OMSIP enrollment period extended to May 16th

Ontario Health Minister Dr. M. B. Dymond has announced that residents of the Province may still receive full Ontario Medical Services Insurance Plan coverage and benefits by July 1st providing they enroll in the Plan before May 16th.

"The Plan is a success," declared the Minister. "The number of applications received already cover more than 1,100,000 of our citizens."

Dr. Dymond added, however, that a large number of residents had indicated they would join OMSIP but for a variety of reasons had been unable to send in their application in time. The OMSIP open enrollment period has therefore been extended by two weeks in order that these persons may qualify for coverage from the day the Plan goes into effect on July 1st.

"The May 16th deadline

OMSIP head office is located at 135 St. Clair West, Toronto. Applications are already being processed by modern micro-photo methods and computers.

OMSIP BENEFITS

OMSIP provides practically all physicians' services as benefits including:

- Doctor visits in the home, office or hospital.
- Diagnosis and treatment of illnesses and injuries.
- Diagnosis, pre-operation care and treatment, surgery and post-operation care.
- Obstetrical care, including pre-natal and post-natal care effective from the date of enrollment.
- Anaesthesia and X-rays for diagnostic, surgical and other procedures.
- Treatment of fractures and dislocations.
- Certified specialist services at established rates when you are referred to the specialist by your doctor.

Notification of acceptance to be sent out shortly
People who have already enrolled in OMSIP need not apply a second time.

Dr. Dymond stated that their applications are now being processed, and their notification will arrive in the mail very soon.

HYDRO INFORMATION

Ninety-five per cent of Ontario's homes have television. Power consumed by these sets is sufficient for the total needs of Oshawa, London and Fort William combined.

Ontario Hydro ranks high among the world's producers of low-cost power. One cent's worth will fry 18 bacon and egg breakfasts or boil enough water for 49 cups of tea.

**THINK
about
FIRE**

... wherever you are

BY
WILLIAM C. SCOTT, M.P.

The long awaited debate on a subject of great interest to Canada's federal parliamentarians began this week as the House of Commons took up discussion of the subject of redistribution of the 285 constituencies from which its members are elected. Under the Electoral Boundaries readjustment Act passed in the last session, commissions were set up in each province to recommend new lines of demarcation to bring ridings into line with the census of 1961. The elections of 1962, 1963 and 1965 were run on boundaries based on the census of 1951. The commissions held hearings and made their recommendations for changes in January. Under the

Act, Members of Parliament are provided with an opportunity to make representations for departmental changes from the commission suggestions. Changes recommended by the Members of Parliament will be forwarded to the Commissions at the conclusion of the debate. However, there is no obligation on the Commissioners to adopt them.

Only two things seem certain on the whole matter. One is that there will be one seat less in the next parliament. The other is that there will be no change made in the boundaries proposed by the Newfoundland commission as the that province is the only one whose members did not file objections as they were required to do if they disagreed with the views of the commissioners. Members from all other provinces filed a total of 27 objections, which

range from blanket criticism of the reports to such things as recommendations for changes in constituency names.

Politically-minded people of all party persuasions are interested in the final reports which will emanate from the Commissions. Changes will have to be made in party organizations for the next federal election to bring them into line with new conditions, and a great deal of political activity is expected once the new boundaries are finally set.

The Supreme Court of Canada will review the case of Steven Truscott and in so doing will have power to consider new evidence. Truscott who is now 21, was convicted in 1959 of the rape-murder of a 12 year old girl.

Doubts as to his guilt were raised with the publication of a book which reviewed his trial and

ther evidence as the Court, in its discretion, may receive and consider."

Changes in the law since an attempt was made to bring the Truscott case before the Supreme Court on appeal, made it unlikely that a similar situation will arise again, unless it is in respect to a conviction that took place prior to 1961. In that year the Conservative government passed amendments to the Criminal Code which divided murder into capital and non-capital categories, and allowed the Supreme Court to consider questions of fact as well as questions of law.

There are several alternatives open to the court in its consideration of the case. These are an acquittal, an order for a new trial or an affirmation of the guilty verdict. Its decision will undoubtedly be passed on a comprehensive examination that will look into all aspects of the case.

It now appears that it will take longer than seven days for the Commons Broadcasting Committee to consider the dismissal of Patric Watson and Laurier LaPierre from their posts as hosts of the CBC show, This Hour Has Seven Days. The 25 member committee, composed of representatives of all parties represented in the House, has been considering the events leading up to the firing of the two hosts. Urgency has been added to their deliberations by the possibility of a strike of CBC producers, which would cripple the government-subsidized network. Charges and counter-charges have raged back and forth between Mr. Quimet, President of the CBC, and spokesman for the producers. Evidence now exists that there is a deep rift between top management of the Corporation and the so-called "creative" people who are responsible for the production of programs.

Thus far the Committee has heard only one side of the argument, that of the producers. In a telegram to the Prime Minister, Mr. Quimet agreed to appear before the Committee if they wish to question him, and it is likely that he will be called to testify soon.

Many qualify for full or partial assistance

Since the aim of OMSIP legislation is to provide adequate medical insurance for Ontario residents, full or partial premium assistance is available for those who require it.

Automatic fully-paid coverage

Many residents and their dependants have automatically received fully paid coverage under OMSIP. These are people who are already receiving benefits under the following Acts:

- The Blind Persons' Allowances Act

- The Disabled Persons' Allowances Act

- The General Welfare Assistance Act

- The Mothers' Allowances Act

- The Old Age Assistance Act

- The Rehabilitation Services Act

Automatic fully-paid coverage is also provided for old age security pensioners and their dependants declared eligible for coverage by the Ontario Department of Public Welfare.

DO YOU QUALIFY FOR PARTIAL ASSISTANCE?

Yes, if you are a single person and your taxable income in 1965 was \$500 or less.

Complete cost.....\$60.00

Yes, if you have one dependant, and if together your total taxable income in 1965 was \$1,000 or less.

Complete cost.....\$120.00

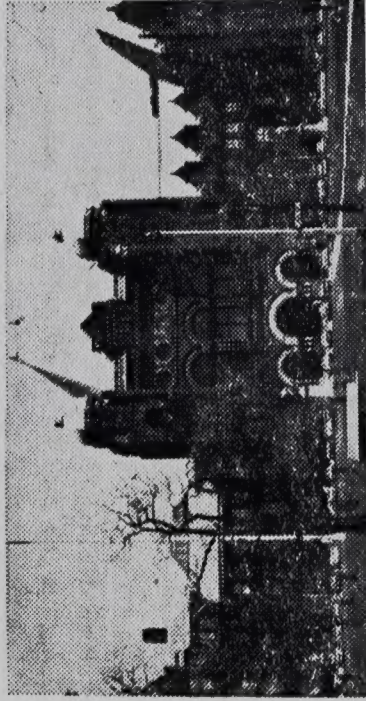

Yes, if you have a family of 3 or more, and if your family's total taxable income in 1965 was \$1,300 or less.

Complete cost.....\$150.00

Fully-paid coverage on application
People resident in Ontario for the past 12 months and who had no taxable income in 1965 get full assistance.

This means if these people make out their application form now, before May 16th, they will get OMSIP protection, fully paid for by the government, starting this July 1st.

In addition, many who have been resident in Ontario for the past 12 months will be eligible for partial assistance, depending on their taxable income and number of dependants. (See below).

Legislation approving the Ontario Medical Services Insurance Plan—OMSIP for short—was passed in the Ontario Legislature on Feb. 18th of this year. Coverage commenced April 1st for social assistance recipients. Coverage will begin July 1st for those who have already enrolled, or who enroll now before May 16th.

OMSIP PROVIDES COVERAGE REGARDLESS OF AGE, INCOME OR HEALTH

Everyone who has lived in Ontario for the past 3 months is eligible to join, except those who are entitled to physicians' services under another Act.

Members are free to choose their own doctor. If a member travels outside the Province, and requires care, OMSIP will still pay the doctors' bills up to OMSIP established rates.

People who find they cannot continue to pay for all individuals and their families not provided for.

OMSIP has been established to provide adequate insurance coverage for the payment of doctors' bills, and to make this coverage available to all Ontario residents regardless of their age, income or state of health.

Enrollment in OMSIP is voluntary.

The Plan is intended for individuals and their families.

voluntary.

The Plan is intended for individuals and their families and does not provide group coverage. (Group coverage is where a number of individuals collectively purchase insurance through their place of employment, union, etc.)

People who find they cannot continue to pay for all or part of their OMSIP contract because of unemployment, illness or disability, may apply for temporary assistance in paying their fees.

HERE'S YOUR APPLICATION FORM—Please use BALL POINT PEN. Cut out form carefully. Mail today!

INSTRUCTIONS

1. If you have a Social Insurance Number write it in the squares provided starting with the first number in the first square. If you do not have a number, place a ✓ mark in the square marked NO.
2. Print your last or Family Name in the box. (Example: Smith, Jones, Brown, etc.).
3. Print your first and second Given Names in the boxes. (Example: John, Harry, Mary, etc.). If you have a nickname or are commonly known by another name for mailing purposes, please indicate in the box marked OTHER.
4. Print your address in the first box; your City, Town, Village or Post Office in the next box; and your County or District in the last box.
5. Write the number of the day on which you were born in the box marked DAY. Print the name of the month (or its abbreviation) in the box marked MONTH. Write the number of the year in the box marked YEAR (Example: 9 Feb. 1927).
6. Men should place a ✓ mark in the box marked MALE. Women should place a ✓ mark in the box marked FEMALE.
7. If you are single place a ✓ mark in the box marked SINGLE. If you are married place a ✓ mark in the box marked MARRIED. If your status is other than single or married (Example: separated, divorced or widowed) write your status on the line marked OTHER.
8. Write your occupation and the kind of business or industry in which you work (Example: Carpenter—Building Trade; Farmer—Agriculture; Salesman—Bakery).

9. Print the first names of your wife or husband (spouse) in the first box. Then print the first names of all your eligible dependant children, starting with the oldest, in the following boxes. If you have more than five eligible dependant children continue your list in the section on this side of the form. If you have more than 10 eligible dependant children, list them separately and return with your application form.
- Under BIRTH DATE, write the number of the day of birth, print the month and write the number of the year of birth. (Example: 18 Sept. 1954).
- Under SEX, write M if the child is male, F if the child is female.
10. Sign your name on the line marked SIGNATURE OF APPLICANT and write in the date and year.
11. IF YOU ARE APPLYING FOR PREMIUM ASSISTANCE
Read this section very carefully and complete either the section marked 'A' or the one marked 'B' (not both).
12. Remember, if you receive benefits under any of the Acts listed under §5(1) in the folder entitled "OMSIP...WHAT IT MEANS AND WHAT IT CAN DO FOR YOU", you should not complete an application form. You will be provided automatically with fully paid coverage.

to question him, and it is likely that he will be called to testify soon.

Meanwhile efforts are continuing outside Parliament to reach an agreement before the calling of a strike. It is hoped that these efforts will be successful and that there will be no disruption of the viewing schedule of the CBC.

30 DAY JAIL SENTENCE

FOR CAUSING DISTURBANCE

Magistrate Ian Munro advised Ronald Rivers, 20, of Oshawa, that perhaps he should stay away from Minden, when he sentenced him to 30 days concurrent in jail when he pleaded guilty to charges of causing a disturbance in a public place and escaping lawful custody. A charge of unlawfully having liquor in a place other than his residence was dismissed by Magistrate Munro.

Provincial Constable Exley told the court he was on patrol here, about 10:30 p.m. April 29th, when he observed two men who appeared to be fighting. He identified the accused as one of the two men who jumped into a waiting car, and the constable said he heard glass breaking. The constable said he found two full pints of beer outside the car and two inside, and the accused claimed ownership of the beer.

Constable Exley said when he tried to have the accused get in the cruiser the accused wanted to fight and then ran from the scene, but later came back to the car. He said the accused, when told he would be booked jumped out of the cruiser and ran from the scene.

The constable said he found the accused in a restaurant about 11:45 p.m. and showed him a warrant for his arrest. He said the accused was fully under arrest, but upon leaving the restaurant broke away and ran along the street to an alleyway. He said the accused peeked out and used profane language. The constable said the Lindsay detachment officers later executed the warrant after the accused was seen leaving Minden.

Ronald Rivers, in the witness box denied ownership of the beer. He said he had not seen it until the constable removed it from the car, and claimed he admitted ownership at the scene to cover up for his friend.

a police officer, he will tell her to hang up and call the police department, however, he will keep her line open by not hanging up and when she dials, he will answer — "police Department."

In a very short time, a taxi will arrive at the victim's home and take her to her bank, where she makes the withdrawal, usually refusing any advice from the teller or accountant, that she take a certified cheque. The victim is returned to her home in the taxi and the telephone rings almost

LINDSAY REAL ESTATE BOARD

DONATES \$1,000.00 TO
EDUCATION FUND

Roy Campbell, president of the Lindsay Real Estate Board, announced that the board has donated \$1,000.00 to the newly established Real Estate Education and Research Fund of the Ontario Association of Real Estate Boards.

The fund was established last February at the Board's Annual Convention. The target amount of the fund is 1,000,000.00 to be used to finance research and education in the fields of urban land economics and Real Estate.

The first measure will be the granting of \$25,000.00 to York University for the development of a Real Estate Library. In addition, the Ontario Association has also granted to York University, the interest on an endowment of \$100,000.00 for five years. In return, York University will be developing a program of research on urban land economics and Real Estate, and will be offering both under-graduate and graduate courses in these fields as part of its regular curriculum in the school of business.

RED CROSS

Applications are already being processed by modern micro-photo methods and computers.

OLD AGE PENSIONERS

into effect on July 1st. "The May 16th deadline is final," added the minister. "This enrollment deadline cannot be extended any further because it takes time to process such a flood of applications even with the most modern equipment available."

The extension of the open enrollment period means that those residents who have already enrolled, and those who enroll before May 16th, will be protected by OMSIP, beginning July 1st.

Ontario residents who enroll after May 16th will have to undergo a minimum three month waiting period before they are entitled to OMSIP coverage and benefits, said Dr. Dymond.

Many old age pensioners have automatically been enrolled in OMSIP but most must fill in and submit an application.

Those who will get automatic coverage are pensioners who are presently receiving benefit under The Ontario Old Age Assistance Act, or those pensioners who have been declared eligible for coverage by the Ontario Department of Welfare. These pensioners have already received their OMSIP registration cards.

All other pensioners must complete and submit an application to receive OMSIP coverage.

If you have not received an OMSIP registration card, or have not already sent in an application form, you must apply before May 16th for coverage when the Plan starts on July 1st.

- Certain dental surgical services performed in a hospital.

NOTE: OMSIP will not pay for the cost of hospitalization. OMSIP is an additional service, not a substitute for Ontario Hospital Insurance. You will still require coverage by Hospital Insurance.

OMSIP IS VOLUNTARY— APPLICATION IS NECESSARY

OMSIP is a voluntary plan and you can cancel your membership at any time.

The government, however, can only cancel memberships in the case of misrepresentation, misuse of services, non-payment of premiums, or 3 months after a member has ceased to be a resident of Ontario.

If you fill out this application and mail it now, you will be eligible for OMSIP coverage beginning July 1st.

Otherwise you will have to wait a minimum of 3 months for your coverage to begin.

Since these applications have to be recorded with a micro-photo machine, please print carefully and plainly with a ball point pen only.

SEND YOUR COMPLETED APPLICATION FORM TO

OMSIP, P.O. BOX 1700, TERMINAL A, TORONTO

if required, additional application forms are available from any bank, or from OMSIP, 135 St. Clair Ave., West, Toronto 7.

CHAMBER OF COMMERCE GETS REPLY FROM HODGSON ON ROAD WORK PROGRAM

The Chamber of Commerce 46 here received a reply from MPP Glen Hodgson, outlining road development projects planned and underway here in Haliburton County.

Two weeks ago the Chamber submitted a brief to the Legislative Committee on Highways and Tourism at Queen's Park asking for improved highways here in Haliburton County.

The brief had made reference to colonization roads of the early days of Haliburton, which have been lacking development or allowed to return to nature. Mr. Hodgson said this was partly as a result of a change in the area of interest of the residents. He said the people from this County were more closely connected with Victoria County and the Toronto area now whereas they used to be more closely attached to Peterborough County and the Ottawa Valley area because of the route taken by the pioneers.

Three road construction projects are underway on Highway 35, and one was costing \$860,000 which covers a seven mile stretch and requires the removal of 250,000 tons of rock is in progress and on schedule.

The second project was a half mile construction programme, one mile north of Dorset and the third was a new intersection and quarter mile section underway at the junction of Highways 35 and

The last project said Mr. Hodgson, was a three mile section of the highway in the Carnarvon area which was re-surfaced and he said he hoped the necessary property purchases could be resolved to facilitate a widening program and some other changes in Highway 35.

Referring to Highway 121, Mr. Hodgson said last year a mile and a half of this highway was re-surfaced north of Kinmount, some shoulder widening and ditching was completed south of Kinmount and an engineering programme was started on a six mile stretch in the same area. Last year Dover's Hill was re-constructed from Haliburton village easterly and a program is now underway which will total \$75,000, he said.

This year Highway 62 was extended from Madoc to Highway 401.

Mr. Hodgson said survey and clearing of a good portion of Highway 519 west of Gelett has progressed to programming the section which will be constructed this year. Survey and property purchase has progressed on highway 519 between Haliburton and Donald, and the construction should start within the next year.

Mr. Hodgson said when he asked the tourists of the area about road problems and where in their opinion roadblocks or hindrances to their progress should be eliminated, a majority presented the bridge at Fenelon Falls on Highway 121 and the bridge on the main street of Cobocok, which have now been completed and will ease traffic flow.

Mr. Hodgson said a highway future needs study for the county would probably be completed in 10 to 12 months and the study would give much necessary information for scheduling highway programs.

DAMAGE ESTIMATED AT \$100

Damages estimated at \$100 resulted when a car driven by 29 year old Murray Anderson of Haliburton went out of control on Highway 121 and crashed.

Haliburton OPP said the small 1965-model car driven by Mr. Anderson was south bound on Highway 121, near Tory Hill when the vehicle went out of control and crashed through a highway sign.

No injuries resulted, said police. Haliburton OPP Constable Donald Lloyd investigated.

DAMAGES TOTALLED \$150

Total damage of \$150 resulted when a car driven by 45 year old Heinz Stuempel of Minden crashed into a culvert at Haliburton.

Haliburton OPP said the Stuempel vehicle had been following a Walling's Dairy Truck, driven by 20 year old Allan Smith and when the dairy truck stopped to turn into a lane, the Stuempel car attempted to pass. Police said the Stuempel car went out of control and crashed.

Haliburton OPP Constable Donald Lloyd investigated.

FOUR MEMBERS OF PARLIAMENT QUOTE LINDSAY LAWYER'S BRIEF

Material from the submission to the Electoral Boundaries Commission submitted by local lawyer George Ingrid on behalf of the Victoria-Haliburton-Ontario North Progressive Conservative Association proved of value to a number of members of parliament during debate on redistribution in the house of commons recently.

The Hon. R. A. Bell, member for Carleton said, "I ask the commission to take a very hard look at the brief submitted by Mr.

George Ingrid

George Ingrid, a very highly qualified person whose qualities are not depreciated, at least in my view, by the fact he is the partner of the Hon. Leslie M. Frost a man who probably knows more about Ontario than any other living person. If the members of the commission want to have some appraisal of what they have done, want to have their ears burned, perhaps they should have a little conversation with the Hon. Leslie M. Frost."

Eric A. Winkler, member for Grey-Bruce made reference to the "words of wisdom" of Mr. Ingrid and read many portions of his brief in the house. "Mr George F. W. Ingrid of Lindsay, Ontario, deserves commendation for the amount of work and effort he put into this brief, which contains many valuable suggestions which I believe could be used by the commission in its subsequent days of consideration."

Material from the brief was also used by William Scott, MP for Victoria and R A Webb member for Hastings Frontenac quoted much of Mr Ingrid's brief verbatim in his speech to the house.

COAT OF ARMS STAMP

A Coat of Arms stamp, 14th and final release in a pre-centennial floral emblem series inaugurated in 1964 to honour the provinces and territories, will be released on the 30th of June 1966, the eve of Canada's 99th birthday, Postmaster General Jean-Pierre Cote announced today.

The stamp, a logical conclusion to the floral emblem series, is issued by the Canada Post Office as a symbolic tribute to the Canadian geographic entity. Mr. Cote stated. It has as its design a blue reproduction of the Coat of Arms, to the right of which in bright red, is the eleven-pointed Maple Leaf of the National Flag.

Canada's official Coat of Arms dates from a proclamation by His Majesty, King George V on the 21st November 1921. It shows the Royal Arms of England, Scotland and Ireland and those of France above three Maple Leaves which are similar to those incorporated in "Armorial Ensigns" granted Quebec and Ontario in 1868 by Her Majesty Queen Victoria. The Coat of Arms includes the British Lion holding the Union Jack and the Unicorn holding the French Fleur de Lis. At the base appears the Canadian Motto: "A Mari usque ad mare" or "From Sea to Sea".

In his announcement, the Postmaster General also indicated that the total issue of 24 million stamps will be printed by the Canadian Bank Note Company, Ottawa, whose staff created and engraved the design by the steel line intaglio process.

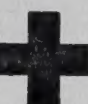

O.M.S.I.P. HAS NEW RIVAL

The Ontario Government has a new rival to its O.M.S.I.P., in the Ontario Chiropractic Association.

The Association, in co-operation with the underwriter, Laurier Life Insurance Company, has developed a plan which not only covers medical care, but chiropractic as well, which is not covered in the government plan. The Laurier plan covers 100 per cent of medical and surgical bills on the Ontario Medical Association's 1965 Schedule of Fees, instead of 90 per cent as in O.M.S.I.P., and up to 25 visits to a chiropractor in a year plus up to \$25 a year for X-rays. Office fees are paid at the rate of \$5.00 per visit. Biggest surprise of all is that the premiums charged are lower than those under OMSIP.

All members of the Ontario Chiropractic Association have booklets outlining the coverages and application cards.

THURSDAY LEAGUE BOWLING BANQUET

The ladies of the Anglican Thursday afternoon bowling league met at the Parish Hall Friday for their annual banquet.

After all enjoyed the delicious turkey dinner, the president, Olive Ward, thanked the members of the W.A. who served the dinner.

Trophies were presented to Mamie Swann for high average of 191. Doris Craig ended the season with high triple of 680. Wynn LaHay scored high single for the year of 329.

Winners of play-offs and in the league play were Doris Craig, May Wright, Joanne Beattie, Carole McKelvey, and Bert Walker. These members of the winning team received trophies.

Winners in play offs in the league were high single with handicap, Carole McKelvey and high triple with handicap Olive Ward.

Presentations were made by the secretary and president. The Treasurer, Linda Coulter, gave a full report and according to the figures reported a good sum was taken in over the winter.

Muriel Medley, who was a guest, said she appreciated being invited and hoped everyone enjoyed themselves over the bowling season, and that all would be out again in the fall.

The election of officers were made and the following will make up the executive for next year. President, Vera Kernohan; Vice-President and Secretary, Mamie Kellar; Treasurer Lynda Coulter; Captains are Carole McKelvey, Mamie Swann, Doris Craig, Lorna Stubbs, Florence Booth and Jeanne Sears.

Games of euchre and cribbage followed with winners being Joanne Beattie, Eleanor Walker, Lydia Coulter, Kate Newell and Mamie Swann.

IN MEMORIAM

In Memory of my dear father, Milton Miller who passed away May 12, 1959.
So many things have happened since you were called away,
So many things to share with you had you been left to stay,
Please God forgive a silent tear,
fervent wish our Dad was here,
But he was ours and we loved him dear.
Dearly loved and always remembered by son Ray, Ferne, Laurie, Scott.

Ingoldsby Mixed Bowling League Held Banquet at Ogopogo Lodge

Shown above are the winners of the playoff competition, in the Ingoldsby mixed bowling league. From L to R Norma Parish, Charlie Stevens, Connie Burk, Don Hicks, and Flo Dollo. Trophies were presented the night of the wind up banquet held at Ogopogo Lodge.

On Wednesday, May 4th the ladies and men of the Ingoldsby bowling League met for their annual banquet at the Ogopogo Lodge. There were about sixty people who turned out to enjoy this wind-up of the bowling season.

A delicious supper was served by the hosts after which the presentations of trophies were made. Mr. Ray Graig representative for W & A Gilby presented the trophies including the W & A trophy for the league winners. This went to Cecil Yearwoods team of Reta Croft, Bill Walker, Mamie Swann, Phylis Baker, and Dusty Sutherland. The playoff winners were Flo Dollo's team of Connie Burk, Brian Todd, Don Hicks, Norma Parrish and Charlie Stevens.

Trophies for individual winners were presented to Jean Nelsor high single 323; Mamie Swann, high triple 767; Connie Burk, high average 210. The men's trophy winners were Wally Croft, high single 326, Harry Cowan, high triple 760, and Ron Robinson high Average 214. Bill Walker, Reta Croft and Mac Burk agreed to continue their jobs on the executive for another term, when they were asked if they would.

After the presentations, everyone joined in for fun and entertainment and dancing.
